

Thank you in advance for your help in coordinating the lighting, sound and video logistics for the Chris Herren speaking event. Below please find the requirements for the presentation. If you have any questions, please reach out to the noted contact person below.

PRE-PERFORMANCE

BACK STAGE:

Designate a room for Chris to prepare for the presentation. (i.e. classroom, green room, back stage area, conference room or office). Bottled water would be appreciated.

PRESENTATION SITE/VENUE TO SUPPLY:

The video used to start the presentation is located within the Presentation Toolkit link provided to you with the contract and invoice. Other equipment needed for the presentations include:

- Screen
- Laptop with Internet Access
- Wireless, Hand-Held Microphone
- Wireless Handheld Microphone Backup

LIGHTING:

Immediately following the video presentation, please bring the house lights up so that Chris can see the faces of the audience.

No spotlights please.

SOUND:

Chris would prefer that the microphone be turned down so he can project his voice and enunciate specific words within his presentation. If the presentation venue acoustics are exceptional, Chris may decide not to use a microphone.
